

## Women's Fall Retreat 2024: Camp Chrysalis Accommodations

**Camp Chrysalis?? Isn't that the kids' church camp? Does this place conjure up images of tents, cots, sleeping bags? Food that is not recognizable? Well, we want you to know that the accommodations are amazing!**

We stay in a large cabin with 4 bedrooms and a large common area with comfy couches. The bedrooms will have 4 to a room and the beds have a mattress – you may want to bring a topper if you do have a need for a little more comfort. Each bedroom has a sizeable bathroom with 2 sinks, a private toilet and private shower. There is a refrigerator and coffee maker. There is also a back porch with rocking chairs to enjoy God's creation of trees, hills, and solitude. The meals also will not leave you hungry. Full-sized and delicious breakfasts, lunches and dinners are provided. They can also accommodate dietary needs. So we hope this helps alleviate concerns about staying at camp for the weekend.
